

September 2020

We all fly with a little help from our friends!

NBAA is currently offering opportunities for both those who are interested in mentoring others and those seeking a mentor (or both!)

Please visit the NBAA Mentor Match site [here](#) for additional information.

UBAA is also seeking to connect Professor Ley of UVU with local Utah-based operators who may be interested in connecting with his business aviation students via Zoom. If you are interested in learning more, please contact Kristi Ivey at kivey@baaa.org.

WE'RE MOVING!

In the past, our newsletters have been delivered to your inbox by MailChimp, however, we are streamlining to use only Wild Apricot for our website and news - a one-stop shop for all things UBAA. In order to continue receiving updates, however, you **must** re-subscribe.

Construction Update

As we head into the new season, we wanted to share a few of the local airport construction projects that have been completed, as well as those to come:

- Bountiful Skypark - taxiway extension complete
- Bryce Canyon - slated for runway rehab
- Cedar City - runway project completed; reopened
- Hanksville - getting a new apron with design for fuel tanks within the next year
- Logan-Cache - slated for runway rehab
- Manila - adding an instrument approach
- Nephi - expanding apron
- Provo - approved for new apron and terminal
- Wendover - runway rehab with new edge lighting coming soon
- Several other airports will undergo pavement preservation projects

If you have ideas for projects you'd like to see completed at local airports, please don't hesitate to reach out at ubaainfo@gmail.com.
